A NOTE FROM THE PRESIDENT AND CEO

Welcome to The Community House family! We hope you find satisfaction in your role as a volunteer here. Your commitment is very important to The Community House. It has been the efforts of volunteers which have inspired and sustained House activities and services for more than 80 years.

Volunteers are involved in every aspect of Community House life. Whatever your contribution may be, please be assured that it is appreciated. On an annual basis, our volunteers contribute more than 10,000 hours for a value of \$150,000!

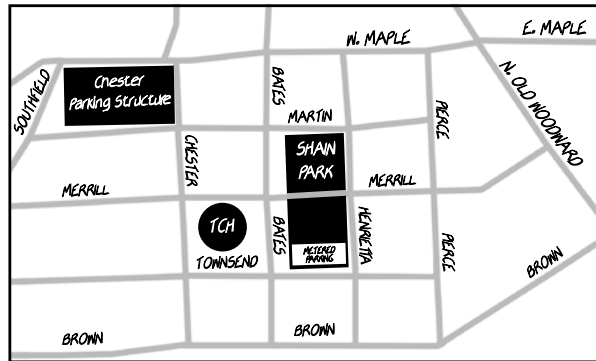

As impressive as these figures are, there is much more. You give The House a face, a voice, helping hands and a heart. You are the life of The House, the vital force that carries out our mission of serving an ever-growing, ever-changing community. You give us new ideas and keep the enthusiasm alive for our long-standing programs. You link us to the many neighborhoods, towns and cities that make up the broad range of communities we serve and most of all, you are our best ambassadors.

We are very grateful to you. We hope you consider The Community House your home and feel that you are a part of its success!
